Profile

Full-Stack Developer with 2+ years of professional experience building scalable web applications and ERP platforms serving thousands of users across Canada. Proficient in React.js, Next.js, NestJS, and Node.js, with a strong command of modern TypeScript-based architectures, REST APIs, and AI-assisted development workflows. Experienced collaborating in international Agile teams and committed to delivering clean, maintainable, business-aligned solutions.

Experience

Full-Stack Web Developer

Mar 2025 - June 2026

Betshore · Abbatiello Group

Permanent · Remote

- Built and maintained an ERP platform serving 150+ restaurants across Canada including Pizza Salvatoré, Topla, Crêmerie Chez Mamie, and Jack Le Coq.

– Developed employee and operations portals used by 1,000+ employees across multiple restaurant brands.

– Designed and maintained scalable React, Next.js, NestJS and Node.js applications handling multi-brand business operations.

– Built and integrated REST APIs, authentication systems, reporting modules and operational workflows.

Full-Stack Web Developer

Sep 2023 - Mar 2025

Pizza Salvatoré

Permanent · Canada · Remote

- Contributed to the ERP platform supporting 80+ restaurant locations across Canada.

– Developed internal portals serving 600+ employees.

– Built and maintained customer-facing web applications and internal management tools.

– Collaborated with cross-functional teams to deliver scalable features in an Agile environment.

Full-Stack Web Developer

Apr 2023 - May 2023

Circet Maroc

Internship · On-site · Casablanca

- Designed and developed an internal asset management application for tracking inventory and equipment.

– Handled database modeling, business logic implementation, and UX enhancements for the company ERP and website.
